The summer driving season is starting to get into full swing. Please be sure your email address is enabled to receive last minute "Hey-it's-a-nice-evening-lets-all-meet-for-ice cream/beer/dinner-at-(Insert establishment name here) tonight." Messages that come out from time to time.

For those that were not able to attend the meeting in May, a discussion regarding the Spokes was brought up in New Business, and I want to share the gist of it here. The cost of publishing the Spokes every month is roughly \$280.00, or \$3360 a year. This covers printing costs and postage, it does not cover the cost of printing and stuffing the envelopes and delivering them to the PO. Those costs are absorbed by John as a monthly donation to the club and would otherwise add a significant amount to the final cost. The Board discussed this at our Board meeting and came up with ideas for a few different options. They are, make it a bi-monthly, make it a quarterly magazine, or a combination of either of the first two with a monthly single page newsletter. All of these would cut the publishing costs by at least half, and perhaps deliver a publication with a larger format (full 8.5 x 11 rather than the 5.5 x 8.5 it is currently) and perhaps a color cover. We are investigating the options and will present our decision at the July meeting after the July board meeting. If you would have any ideas or suggestions please let me or any other Board member aware of them, or feel free to attend the July Board meeting and present them yourself. We do know this much, the Spokes is an important and integral part of the club, and it needs to remain such. For those unable to make every meeting or event, it's an important part of being a member and feeling like they belong to an organization. Be assured the Spokes will remain, although perhaps in a different format than what we have become accustomed to.

June has arrived hope all of you have your Sports Car out and enjoying them.

Speaking of June we have reached the half year point in our 60th year. I have enjoyed presenting Spokes covers from the first year of the MG Car Club Western New York Centre. There was a talented group back then. Thank heavens there are still some with us. Doris did a great job with the covers. Also Finding articles from past Spokes that when you read them, they read as if someone wrote it yesterday not years ago. I would guess that helps support the idea of History repeats itself.

May the 18th my wife & son and myself made a trip east to her home town for an anniversary party. We travel the thruway and the weather was great for the trip. What was a surprise or disappointment depending on how you look at it, was I did not see any sports cars during the trip.

While on the trip I had a chance to catch up with a friend who owns an 1977 MG Midget. The car has the word "Special" over the rear wheel well. He explained that the car needs a repaint but he wants to find the decal for the wheel well before the paint work is done. So should anyone know about this see me at the meeting and fill me in.

See you at the next meeting
Happy Top Down

Don

I would like to thank everyone who donated to my Jump Rope for Heart. The MG Car Club helped me go over my goal of \$50. With your support I raised \$75!

Thank you!
Alec

BURY ME IN AN OLD MOWOG PARTS BOX

By Jay Lockrow

From Spokes July 1989

What have you done for the cause lately? Not just the Western New York Centre, but sports cars in general, British cars in particular? You know, the ones that are so dear to our hearts! Sports cars should always be somewhere in your thoughts, and the ideas of how to promote them and thus further the cause should be an unconscious habit.

For example, the last time you needed fuel for your car did you say, "I need gas", or "I need petrol"? The use of the proper English term is a way of promoting the MG and other marques without really being obvious. At work I enjoy driving my co-workers a bit balmy by saying "It must be raining because the cars outside have their windscreen wipers going". This of course creates much chatter back and forth. It particularly irritates the junk-music junkie who sits next to me. He always rises to the bait and insists on calling it (excuse !he expression) a windshield. This might seem a trifle, but great fun can be had with the Monday Morning Quarterbacks by simply using terms like Boot, Bonnet, Scuttle, Wings, Facia and others. The continuous use of the proper term will soon become habit-forming and before long you are promoting and talking about British cars without being aware of it. Besides, above and beyond all the fun you are gaining a better knowledge of the language. So, remember when you pull in for a refill it's "Fill up the petrol, wash the windscreen, lift the bonnet and check the sump, and please Sir, put the spare tyre back in the boot".

Some of you may have wondered why I was not at the Victor Show this year. In all the years of the show, I think this was the third time I was not in attendance. Believe me my heart was there, but other chores kept me away. Beverly and I are having an addition put on the house and the end is in sight. The contractor should be done about the third week in June but I have taken on the chore of doing all the painting both inside and out and also the finishing of much of the woodwork. This is where I was on June 4th and will probably continue to be for several more weeks. All I can say is it is most time-consuming but I am doing the best that I can. The MG has not been out since Easter Sunday when I gave my Dad the keys and he drove it to his house. The TR-6 went to a friend's "laboratory", as he calls it, about a week later. Both licenses are sitting on my dresser as I write this, and neither have been 'round to the garage for the annual Inspection Sticker. Anyway, I hope to be able to say that a good portion of the project is behind us and in the next couple of weeks I can again become active in the Western New York Centre.

Jay

Poker Run and Steak Roast

Saturday June 30th

The plans for the Poker Run and Steak Roast are coming together. Chris and I have taken a trial run on an interesting route. We will be meeting at the parking lot behind the **Scottsville Post Office at 11:00 AM, with the first car off at 11:30 AM**. The expected drive time is two and half hours and will end at the park where we will be hosting the Steak Roast.

The route we chose is primarily scenic back roads within the east side of Monroe County. It is an opportunity to drive your car on a summer day with your car club friends. This Poker Run is not a timed event, however in case of a tie the winner will be determined by who comes in closest to two and a half hours. The timing is designed by use of posted speed limits.

The Poker Run rules are simple. When we leave the starting point, each car will get one playing card and directions. Along the way there will be three stopping points at which each car will choose a card from a complete deck. You will be given the opportunity to exchange all or part of your hand once, at each stop, to improve your Poker Hand. Upon arrival at the Steak Roast destination, each car will receive a final card, which will determine your hand. Best hand will win a prize.

Aside from enthusiastic participation, we are looking for a few helpers at the check points, and at the picnic shelter for the steak roast. Send me an email with your intentions to volunteer.

The **cost of entering is \$20.00 for the car and driver and an additional \$5.00 per passenger**. This will pay for the steaks, prizes and associated costs for putting on the event. Please bring a dish to pass, your own beverages and place settings.

There will be signup sheets at the May and June meetings and payment should be given or sent to the treasurer. If you are unable to attend any of those meetings, let me know by email of your plans john77577@gmail.com. **By June 10th**

Looking forward to a great day.

15th Annual Swing into Spring

By Dick Powers

This past May 6th, over 50 of our MGCC members made the 15th Annual Swing into Spring event, one of the best ever. There seemed to be extra energy and fun in the air for this one. Possibly it was caused by the mostly bad April weather we had and that pent up desire to get your sports car on the road. Well, we couldn't have had a better day for it and the number of sports cars driven to the event was as many as we've ever had. To go along with that, the camaraderie was great and food and drink tops as only Mulconry's can do it. From Doug and Laurie Scribner and olde me, thanks to all who were there; you made this another fantastic Swing into Spring!

Car Show History

By Ted Hershey

Well, it's definitely just around the corner. Yes, that's right. Time has flown by and next month the Car Club's Sports Car Festival is going to happen. For those of you that are not familiar with the Festival I thought I'd take this opportunity to fill you in on how this Car Show /Festival evolved.

The father of the Show was Dave Wild along with some others who decided that a car show was just the ticket and an excuse to spend a whole day talking about the cars they love. It was held at Dave's farm and was called the Wagon Jack Car Meet. The first Show was held in October 1969 and was home for the Show for three years. I never attended those Shows but I have been to Dave's farm and I can imagine it must have been a great time.

The Western New York MG Car Club Show first appeared on the scene on the first Sunday in June 1972. With the help of the Victor Lyons Club, as a co-Sponsor, the Show moved to Victor High School. It took off like a rocket. I attended these shows and it was truly the largest one-day car show in this area and maybe even the eastern part of the country. At it's peak the Show boasted better than 96 classes and one year had 1200 entrants. It took the whole club with the help of the Lyons to make it happen. It was a great opportunity to have numerous organizational "get-togethers" and a unique tradition was to sacrifice a chicken before the Show to guarantee good weather and fair skies for the day of Show. I think the chicken was really more figurative and I don't know who concocted this attempt to influence Mother Nature, but it did work sort of, well maybe.

The Show's next stop was Fingerlakes Race Track and times were changing. The Lyons were beginning to have fewer and fewer members participate. The Show, however, stayed at the Racetrack for the next 4, maybe 5 years still

boasting 900 to 1000 entrants, depending on the weather, and was still the best one-day show in the area. Eventually, the Racetrack decided to use its parking lots for bettors and patrons so the Show moved again.

The next move took us to Farmington Park in Fairport. We had a smaller space and fewer entrants, but still had a great time. We stayed at the Park for 3 or 4 years and found the Park wasn't the best place for a car show. The Show then took a year off to regroup and readjust to the times that were continuing to change.

It was Leon Zak who stepped forward and moved the Show to its current location on Jackson Road in Webster. The Show has trimmed down and lost its first Sunday in June date, but it remains a great show and a bunch of fun.

In the past **48 years** thousands of cars have competed and thousands of spectators have been entertained at the Western New York MG Car Show/Festival. We want to keep Dave's great idea going strong, but that can't happen without the participation of the club members by volunteering your time and more importantly bringing your car to the show. The Car Show for years has been the focal point of the club's activities. We need to keep it alive, and with each and everyone's help we can do it.

You can register for the Show on line on the Car Club's Web page WWW.MGCARCLUB.COM

We hope to see you on July 15th

Project Car. Wire wheels. Has a Registration.

The Good News:

Car is straight and complete. All difficult metal repairs are done, includes inner and outer sills and fender patching. Quite a bit of other work done: New downdraft carb (SU's included), new brake lines and hoses.

The Bad News:

Car is disassembled. Driver's floor needs to be welded in. Will need interior, tires, top, etc. Does not have overdrive. Downsizing results in this project needing a good home. Car is in Webster.

We take pride in being fussy. Take our Classic Gold brake shoes for example. Before being called Classic Gold, we improved the original stock design, then had them manufactured, inspected, trial fitted and tested on the road. Accept nothing less than the best. We don't.
