## Add Your Name to the MGCC Endowed Scholarship Plaque

An engraved nameplate is added to the plaque in recognition of donations of \$30.00 or more (engraving fee is \$5.00). This plaque, created by Paul Heaney, is installed in the Monroe Community College Automotive Technology Department. Nameplate can be purchased in the name of the donor for a friend, or as a memorial. There is no requirement that donors of those honored through donations be members of the MG Car Club. If you wish to purchase a nameplate, send a check payable to MG Car Club to:

Frank Stepanik  
 13 Fiora Drive  
 Fairport, NY 14450

Please indicate exactly how the name should appear on the plaque.

## Chairman's Corner

John Baum

Now that February is over, most of us will be getting our cars out in another four or five weeks or so. It may not look like it now, but the end of winter will be here in no time. Chris and I will be shortening up the wait by going to Florida for a week to warm up and get ready for spring and summer.

I want to thank those of you who ventured out for the February meeting. I was running the meeting so I had to go, but the attendees chose to go, which made me feel supported by you.

I always look forward to one of my favorite winter activities, grilling steaks at our Steak Roast and Auction coming up March 16<sup>th</sup>. It is always fun to be outside at the grill, chatting, drinking a beer or two and getting the steaks done. Hopefully everyone gets their steak the way they like it. I never hear a complaint. The Auction that we hold is super entertaining and a method to clear out unwanted parts, tools and memorabilia from your basement and garage and to help that stuff find a new home. This event is one of our best fundraisers for the club.

Just as a reminder, we are seeking speakers to educate and entertain us at our monthly meetings. So if you have a good topic or know someone who does please let me know.

John

Instead of my usual writing here is the first paragraph from the latest University Motors news letter. I think it says it best. Many thank you's to the writer and Well said.

Dear Fellow Enthusiast!

This year, 2015, is the 90th Anniversary of the MG Marque (if you accept 1925 as the first year of a recognizable MG). Your goal for 2015? Drive your MG. Drive it to work; drive it for play; drive it for fun. And, to make your experience even more fun, join a club. There are national clubs and local clubs. There is a British car club in nearly every community. Find your local club on Google or through another owner!

## **MAKE A NOTE NOW! DUES ARE DUE** **FOR 2015!**

Greetings, It is that time of the year again that MGCC club membership fees are due. This is the club's largest source of income at present. It funds , meeting hall space, Spokes printing and postage, part funding of events like the Steak Roast , Christmas Party, and other activities. We are fully member supported. With out your dues we would not exist! On the current roster there are 167 members. To date less than half of the membership is paid. It is a good deal for \$30 a year. Where else can you have this much fun for so little. Heck it's not even a tank of gas for your LBC. Payment can be by check, real cash, and even paypal. Paid at meeting, or US mail or through the club web site. The club thanks you for your support.

Paul Osborne , membership chairman

## Activities

Many Thanks to Desi Benet for organizing the outing at MacGregors to celebrate Robbie Burns birthday. The day was fine for driving our winter cars and the 30 + members enjoyed not only the food and drink, but also the music provided by Susie Keppler and her bagpipe band.

Our traditional Wine & Cheese Party with Valve Cover Races on Sunday, February 22. brought out 38 hardy souls, but not little British cars See winners in a separate article.

Sign up by mail for the next event – our Steak Roast and Auction being held MARCH 15, SUNDAY at Eyer Park in East Rochester. Steaks will be grilled by Leon Zak and John Baum, bring your dish to pass and table service. Since this auction is a major fund raiser for the club, please bring your donations to be auctioned and cash for acquiring new treasures. As was done last year, members pay \$5.00 in advance to reserve a steak and will receive their \$5.00 back at the event. Deadline for reserving a steak is March 8, checks payable to MGCC should be mailed to Mike Harrison, 6640 Ann Lee Drive, North Rose, NY 14516.

Rooms at Seneca Lodge for the July Vintage Race weekend in Watkins Glen have been assigned by Karen Salisbury. As of 2/15 no one requested to stay in the Log Cabin so there will NOT be a planned club party as in the past. We hope 2016 will find the races and the Vintage car festival all on the same weekend again.

NOTE THIS CHANGE from the date announced at the 2/18 meeting for the SWING INTO SPRING event at a FAIRPORT restaurant. Instead of April 19, this event will be held on MAY 3.

We have a date for the Fall Tour to add to the club calendar, October 10 the Priestleys will lead the group again.

We have lots of events planned for this year but always welcome your participation and ideas for additional club activities.

Before I left cold Roc, I saw in **MGA!** magazine that **Dan Suter** is now our new NAMGAR Historian!

Also, in **Hemmings Sorts & Exotic Car**, Jeff Langswager had a letter to the editor about going to a car show in the rain without a top for his newly restored MGA.

Nice picture of Dan's Deluxe with his article and of Jeff in his MGA with his article.

Congrats to our 2 local MGA guyzz!

The new website is 80% done. The photos and membership form is left to add to it. We have the first ad for the site submitted already. For the April member meeting Leon will bring a presentation to show the group on how the website works as it will have more member-initiated functionality.

CAR SHOW: Leon Zak

A working committee will be formed soon for this event on July 12<sup>th</sup>.

WATKINS GLEN: Dave Wild

July 23<sup>rd</sup> – 26<sup>th</sup> will be just the SVRA race at the track with nothing in town. Alfa Romeo will be the recognized car. On the weekend after Labor Day, downtown will host the Festival but there will be no race re-enactment. The Festival will feature Miatas. A solo autocross will be run on Saturday of that weekend and there will be a PanAm reunion. There is no event yet for that Sunday. The track will be repaved in August and will need two months to cure.

**OLD BUSINESS:** None

**NEW BUSINESS:**

Mention made of Bill Fazio, once a member of the Club, who passed away this month.

John Baum needs a volunteer to organize the Autocross and Tune-Up Clinic. Hollis Haymes was identified for the Tune-Up Clinic. In the works is the use of Edison Tech to host it.

**PROJECTS/TRIPS:**

Dick Powers' 1957 Austin Healey restoration is moving along with exterior paint finished and work started on the interior. It was mechanically rebuilt last year.

Adjournment was at 8:04pm

Dave Wild mentioned that the Watkins Glen research center was hosting an author the weekend of February 21<sup>st</sup> and that there will be a model car display on March 28<sup>th</sup>.

John Baum's project of restoring function to the doors is progressing and the car's been painted and is ready for trim. While in the shop though, the car's coveted garage space has now been infilled by other things.

## George & Gil "Partners in Grime"

By Gil Langswager

**After the Stewart TD, John Lombino asked George Haynes for help on his MG TC. John had started to restore it a long time ago and got stalled trying to install the doors. George came to me and discussed teaming up to take on the project. George had restored his own TC a while back & continues maintaining his Triumph along with working on other cars. I had worked on my own TD through the years as well as doing work for other MG owners. We decided to do it & "Partners in Grime" became a reality. George came up with the name & I really liked it. He even had business cards printed.**

Next we had to have a place to work. Doug Scribner offered space in his MINI-CITY building & the TC was towed there. It was decided to work one day a week, 7 hours a day to coincide with Doug's hours. That day would be Monday. John had the car painted some time ago. The body, however, needed work & it was decided to do the work & have it repainted. George had been talking to a friend, Jeff Priest, who referred him to Paul Winslow. Paul had a fulltime job but did painting on the side for street rodders mostly. Jeff did custom interiors for these street rods & saw the work that Paul did. Paul came over to the shop & looked at the TC. He agreed to do the job. It was completely dis-assembled then taken to him. He painted all the parts separately, it was left up to us to put it back together. The chrome parts needed replating. There's not many, the radiator shell being the largest piece. Some parts are cheaper to replace. The plater we chose then was Craig Binnert down in East Avon. While the body & plated parts were out being done the engine was taken to Farmer's shop for rebuilding.

John had a run-in with the shop owner, resulting in our not going back there for future work. The engine was completed, however, & was OK. The chassis & running gear were refurbished & made ready for the returning components. John already had an interior & top with side curtains that would be fitted when the body was all back together & on the chassis. It was determined what other components would be needed & they were ordered. There had to be a lot of planning & coordination so that the whole job would come together smoothly. So we settled into the job, learning to plan & coordinate as we went along.

When the car was pretty much together things changed & we had to find another

place to work. Charlie Searles offered a bay in his heated garage, which held an MG TC, An MG TF, an MGB roadster & a Mercedes 540 SL. A pretty good environment for restoring an MG, or any other car for that matter. Charlie was a gracious host. He would come out & work on his cars along with us at times. Then he would bring some refreshments out just before quitting time. What a workplace! This continued until the TC was done. It took about a year & a half to complete, working one day a week.

John later gave the TC to his daughter. She & her husband lived in the Raleigh, North Carolina area and belonged to an MG T Register Chapter down there. The TC got quite a lot of recognition & some awards while down there. She & her husband separated & John brought the TC back to the Rochester area. He finally decided to sell it. George Leopard brokered a deal & the TC went to a new owner in Europe someplace.

After that John wanted some work done on his MG TD. George will pick up that story.

Other people approached us about doing their cars. No advertising was necessary. We could only take one car at a time & we could be selective about what we took. This story is just beginning. There were twelve cars in all. -----to be continued-----

## Tim's Love of Cars Part 4

By Rhonda Rizzo

To leave no vehicle behind there was also a Mazda RX7, a 1979 SAAB 99EMS with the bullet hole in the windshield from its days in Colorado and a 1989 SAAB 900 Turbo, a Chevy HHR, a Honda CL175 and 2 Suzuki motorcycles a 550 and a 750. After moving to 7 acres in Canandaigua all kinds of new vehicle opportunities opened up to him. There were lawn tractors a zero turn mower, utility carts and snow blowers to play with.

He belonged to the BMW Club and took Drivers Schools at Watkins Glen International and eventually became the provided of the mandatory infield exercises that was compulsory for all novices attending the school. He felt a great sense of satisfaction when the students improved or told him they had as much or more fun in the parking lot doing his exercises than they did on the track. He also taught at Street Survival Schools and taught teenagers car handling.

One of the more memorable driver's school incidents was the year we were late getting the exercises set up due to the fact that the lot we were to use had not been cleared of cars and equipment yet. When security came buy and wanted to close up for the night and saw we were still working they said.....no problem just lock the gate to the track behind you when you leave.

He was hired as an instructor by Jeff who was trying to get his Silver Back driving school off the ground.

He attended car races at Watkins Glen, Lime Rock, Pocono and Sears Point. He especially liked the induro/24 hour events where he would sleep in the SAAB which was parked at the boot, wake up during the night to watch the race for a while and then go back to sleep). Yearly he enjoyed the Vintage Festival and races at Watkins Glen, some years as a spectator others as a participant.

## BMC Monday

By Dick Powers

Due to a major snow storm in the East on Monday February 2<sup>nd</sup>, Bethel and I were “forced” to spend an extra day on Coronado Island near San Diego. The weather was perfect with lots of sun and temps in the high 60s, so we decided to leave the Del Coronado, where we were staying, and walk to a favorite restaurant for breakfast.

To my surprise and great joy, we soon came upon a lovely silver blue Austin Healey 3000 Mk II. It was owned by a former Navy carrier pilot and used as a daily driver, top down of course. The car was beautiful with dark blue interior and chrome wire wheels and the owner was just as nice telling me the history of his car and offering to give me the formula for its custom paint.

If our Healey encounter wasn't enough, as we arrived at the restaurant, a red MGA, top down too, was parked out in front. As I was looking at the car, the owner came out and we were soon comparing our MGA experiences. He's owned the car for 20 years and said he would *never* sell it. I know just how he feels, especially after racing my MGA for 20 years and owning it for now 26 years.

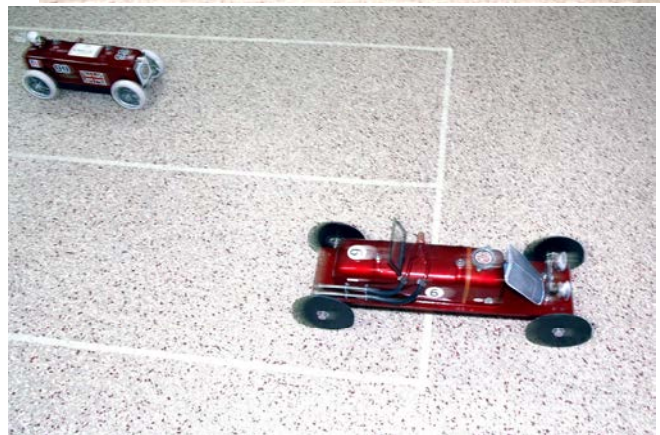

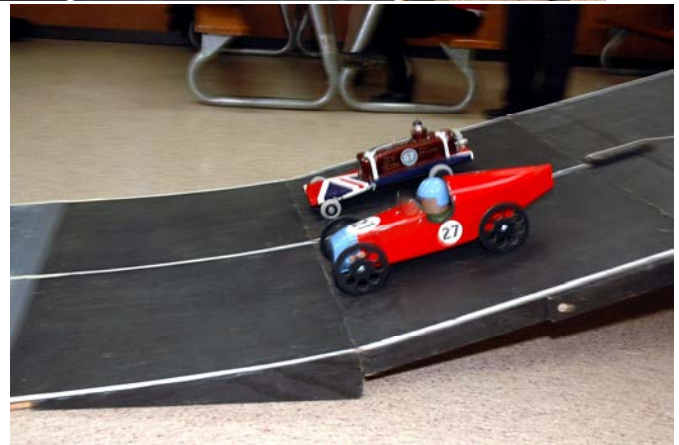

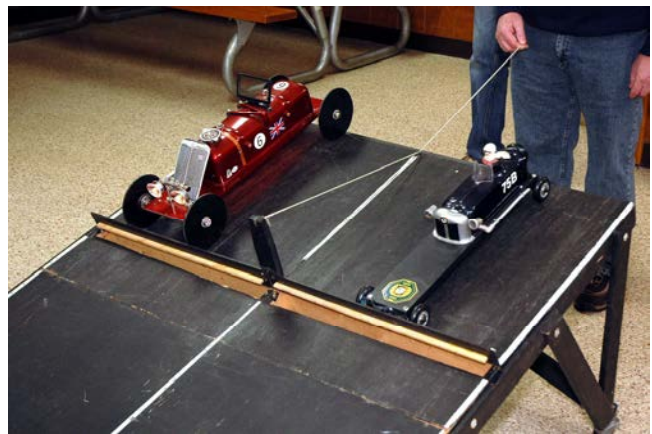

Both the Big Healey and MGA were made by the British Motor Corporation, so it really was a BMC Monday. What are the chances on a 10 minute walk, far from home, coming across 2 cars similar to ones you own, even to the color, and having some great sports car conversations as a result? Somebody up there must like me, and the breakfast was really good too.

## Valve Cover Racs

By Mike & Sue Harrison

Sunday, February 22 found 38 members and guests gathered in Henrietta Town Park to enjoy getting out on a cold, but sunny winters day. There were 12 racers on hand to compete while the rest were spectators and helpers. Since Ted Hershey was under the weather and unable to attend, George Heissenberger handled the announcers role very capably. Rod Rodman was the starter, Nancy Cleveland and Marlene Rzepkowski manned the scorers table and Al Fink was official race photographer. Doug Scribner, Dick Rzepkowski and Mike Harrison assembled the race track with the help of Mike's daughter, Barb.

First place overall went to ROAD KILL owned by Hollis Hames in the Large Bore Division. Second place in Large Bore went to NEGATIVE EARTH owned by Bill Baldwin and Third went to MG'S TD owned by Mike Goodwin.

Second place overall and First in the Small Bore Division was awarded to ZIPRRRZ owned by Dick Rzepkowski. Second in the Small Bore group went to FLOWER POWER owned by Susie Keppler and Third went to RED HAT SPECIAL owned by Betty Langswager.

CONGRATULATIONS TO ALL!!!

## Moss Motoring Request

---

I need a bit of help.

I'm working on the summer issue of Moss Motoring and I want to find a cover photo that will make people smile every time they look at it. I know that's a tall order.

The issue is shaping up to have a theme of "Friends and Family come to the rescue" and help keep LBCs on the road. This has more to do with mechanical fixes than getting a tow from your brother's Ford F150...

I'm not going to say what I think I'm looking for because, A) I don't really know and B) often the photo that shows up is WAY different from what I thought I'd imagine I'd be using.

If you could do me the big favor of helping track down a super fun cover photo, the person's that gets chosen will get a \$200 Moss Gift Certificate.

Ideally the photo should be **Portrait style** (more tall than wide) so as to fit the cover format best. And the file should be **more than 1MB in size**. If you're scanning a physical photo, scan it to at least 600 dpi.

The pics can be emailed to this address or [editor@mossmotors.com](mailto:editor@mossmotors.com)

I don't have too much time to rack a photo down. My due date is March 10.

Thanks so much for helping me out!

## SEMA Update

New York Bill to Provide Single Plate Option for Motor Vehicles Reintroduced Legislation (A.B. 3671) to authorize the owner of a motor vehicle, for a \$50 annual fee, to display a single license plate on the rear of the vehicle was reintroduced. The bill will be considered by the Assembly Transportation Committee.

We Urge You to Contact Members of the Assembly Transportation Committee (Contact Info Below) Immediately to Request Support for A.B. 3671

- A.B. 3671 allows owners to choose the option of a single plate for an annual \$50 fee.
- A.B. 3671 would help protect the aesthetic contours of certain vehicles and relieve vehicle owners of the burden and expense of having to create mounting holes on some original bumpers.
- A.B. 3671 would save money, conserve resources and bring New York in line with other comparable states that are moving to a single plate requirement.
- The funds collected under the bill would be used to help provide emergency services.

**DON'T DELAY! Please contact members of the New York Assembly Transportation Committee immediately by phone or e-mail to request their support for A.B. 3671.**

## THERE'S MORE TO MOSS THAN CAR PARTS

I started buying parts from Moss back when Chris manned the counter on Dawson Street. My customer# is 15251. I've been treated like a friend instead of an occasional customer. Moss employees freely give of their time to help me keep my British relic running. One year, on the way to an event, 25 miles up the road from Moss, my car cracked an oil line. The gentleman who pulled my part from the warehouse delivered it on his lunch break. He wouldn't accept any delivery fee."
