## MG's Corner

By the *Spokes* editor, Michael Goodwin

The weather grew hotter, the Canadian wildfire smoke in our air grew off and on, the pre-meeting dinner crowd meeting grew immensely, the sign-up list for the August 5<sup>th</sup> Summer Drive grew almost out of control, the likelihood that we have found a successor to the current *Spokes* editor grew more certain [Yippee!], the crowd at the July Cars and Coffee was bigger than ever, the plans and organization and everything important about our upcoming August 27<sup>th</sup> *Sports Car & Auto Festival* (aka 'the Car Show') grew more solid, some of us grew a year older, some of us grew a bit grayer, the membership list of the Western New York MG Car Club grew a bit longer, the dates for the upcoming MGCC drive to Nova Scotia (or *wherever*) grew fuzzier though the probability of the Zaks' Volvo being ready in time for the trip grew more certain, and *the Spokes* grew thinner. But this month *the Spokes* so nice, you can read it twice!

## Chairman's Corner

By George Heissenberger

Hello everyone! I'm just back from the Manchester car show. *[Ed. note: George's photos from the show are here and on following page.]* A nice show about the same size as our show with live music, food vendors and flea market. I counted about 80+ cars on the show field. I and our MGB met up with members Rod Rodman and his MGB, Dennis and Barb Nichols

in their MGA, Ron and Evelyn Stone in their MGB, Al Wagner in his Camaro, Doug Jack and his daughter in his TR6. We got to mostly park next or near each other which was nice for sitting and chatting during the show. Lots of American cars of course. Have many of

you seen the "Car show bingo" blocks circulating Facebook? There are blocks for 57 Chevy, binder full of photos, models of the real car on the air cleaner or dashboard and other car show staples. My favorite is "Squad of British roadsters" I like to think that we helped those out there playing "Car show bingo" by forming a "Squad of British roadsters" today to help fill one block. I've attached the bingo card here so you can play at the next car show or cruise night!

***[Editor's note: George's Car Show Bingo card appears on the final page of this month's issue. Don't miss it!]***

Lots of car shows and activities coming up this month and next. There will be a list provided by activities directors Dave and Celeste Kray so let's see you out there with your cars and enjoying the summer! We had a very full meeting with approximately 50+ people at the July meeting, food helping bring people out with 40 joining early for dinner at the Legion before

the meeting. We had steak subs for July. Our next meeting will be August 17 and dinner before the meeting will be Shepherd's pie. Please give me a RSVP if you're coming for dinner before the meeting so I can give Kevin at the

Legion a heads up. Let me know if you have any menu suggestions and I'll pass them on to Kevin and the staff at the legion. Of course, the "Devil's Bar" downstairs will be open before and after the monthly meeting. Membership is up to 148 families, so we are going strong as a club, along with extra activities such as meets for ice cream or cold beverages. At the July meeting we handed out membership lists. If you didn't get one, and want one, let us know, we will have more at the August meeting.

George

# The Great Race – 1908

By Dick Powers (*all photos by the author*)

In 2023, it may be hard to believe that in 1908, a car race would be run from New York to Paris, given that there wasn't a real highway system in the US or other countries. In Russia, they traveled next to the Trans-Siberian Railway to keep a sense of direction and get to major cities where gasoline may be available. No gas stations back then. The early part of the race did go through Victor, Pittsford and Rochester on Rt.5, but in other places, people had never seen a car.

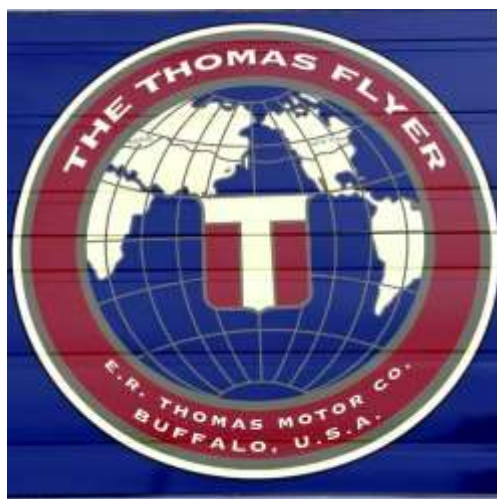

Jeff Mahl as his great-grandfather in the original 1907 Thomas Flyer that won the 1908 race

The race was sponsored by the *New York Times* and a French paper, *Le Matin*.

Six cars were entered. Three were from France and one each from Italy, Germany and a 1907 Thomas Flyer, made in Buffalo, for the United States. Winning this race had tremendous political implications, so much so that the German team was made up of soldiers from the German army. There were also politics regarding the American team. Initially, the Thomas Company wasn't going to enter a car. No American car was entered, but a call from President Teddy Roosevelt to his friend Edwin Thomas, changed all that. So on the morning of February 12, 1908, six cars lined up in Times Square. 250,000 people were there for the start, and one was **George**

**Schuster**, who started out as the riding mechanic of the Thomas and by Chicago, he was also the driver. After 169 days, overcoming tremendous obstacles, George and the Thomas entered Paris and were declared the winner of the Grate Race.

The details of the race are far too many for this article. George's great-grandson, Jeff Mahl, has co-authored a book: *The Man and Car that Circled the Globe* that tells the story. This is a wonderful book

The Company Logo

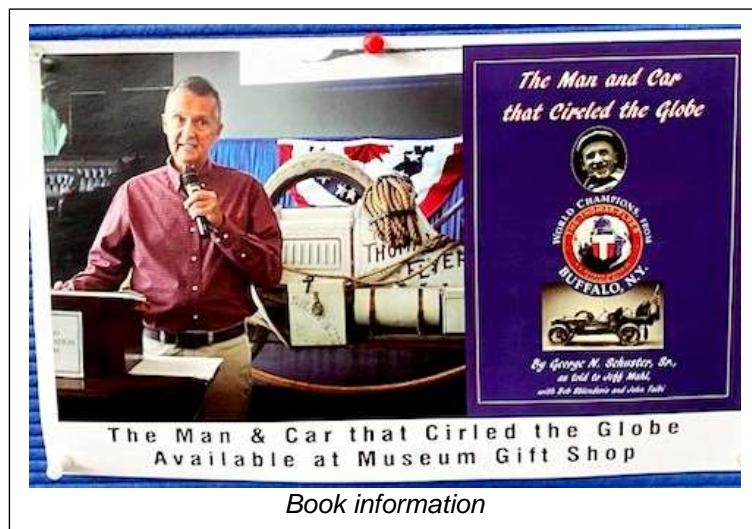

Bethel and Dick Powers with Jeff Mahl, after the presentation

# The Great Race – 1908

(continued from previous page)

and is written from the perspective of George Schuster through the notes he kept in his journal during the race and from the many stories George told Jeff. The book is also loaded with many photos George took along the way after the NY Times photographer decided, in Alaska, that the race was much too rough for him!

Jeff Mahl also does a one-hour presentation of the race wherein he takes on the persona of his great

grandfather. I first heard this in 2008, along with Dick and Marlene Rzepkowski, at the 100<sup>th</sup> Anniversary celebration. This past Sunday, July 23, at the Buffalo Transportation Museum, Bethel and I enjoyed an encore presentation by Jeff, but with the added touch of having it given from the actual 1907 Thomas Flyer that won the race! The winning Thomas Flyer, along with other Thomas cars, will be at the museum through August 6. RP

# A Little Trip to the Savoy Automobile Museum

By Susan Goodwin (photos by Susan & Michael Goodwin)

If you are ever in the Atlanta Georgia area, take a little side trip to Cartersville Georgia and visit the Savoy Automobile Museum. How ironic it was for them to find a junked car on the site of the future car museum's property while excavating the foundation. They then named the museum after the car, a 1954 Plymouth Savoy. I especially liked the giant sculpture at the entrance of the museum - a car hood ornament named *Spirit of Speed* by Linda Brunker. It's a nice little car museum you may want to see some day. SG
